

Tiffield Neighbourhood Watch
Annual Report April 2026

Once again, for the past 12 months we have been fortunate not to have seen any major crimes in the village.

Car crime and anti-social behaviour are some of the main issues affecting the local area and although these mainly affect Towcester, villagers are always asked to remain vigilant and install crime prevention strategies such as locks and cameras where possible.

A recent update was provided for the spring issue of the Tiffield Thunderbolt, offering suggestions to improve security whilst on holiday and a list of Police as well as local contacts.

Regular updates from the main Neighbourhood Watch and local Police sites continue to be forwarded to the "Tiffield Villagers" Facebook page where appropriate.

Kind regards
John
